Architectural elevation drawing of a modern building facade. The drawing is presented on a large sheet of paper that has been folded into a Z-fold, creating a three-dimensional effect. The facade features a repetitive pattern of windows and balconies. Each window unit consists of a central glass pane flanked by two smaller panes, all set within a light-colored frame. The balconies are cantilevered and feature glass railings. The building's exterior is finished with a light-colored material, possibly ceramic tiles or stone, which is interspersed with darker horizontal bands. The drawing includes various annotations in Romanian, such as 'TAMPLARIE ALUMINIU DE AM TERMIZOLANT' (Aluminum window frames with thermal insulation) and 'BALUSTRADA STICLA SECURIZATA' (Safety glass balcony railing). A blue circular stamp is visible on the right side of the drawing. The overall style is clean and technical, typical of architectural blueprints.

FORNITORE DI LAVORO

[illegible][illegible]

The image shows a large, multi-page document, possibly a technical drawing or a complex data table, spread out on a surface. The document features a grid of colored squares (green, blue, yellow, and white) arranged in rows and columns. The grid pattern is consistent across the pages, suggesting a repeating structure or a large-scale data set. On the left side, the pages are visible, showing text and diagrams. The text appears to be technical specifications or data labels, possibly related to a project or a study. The overall appearance is that of a professional or academic document, with a focus on data visualization and technical details.

[illegible]

[illegible]A large, colorful quilt with a complex geometric pattern of green, blue, and white squares, displayed on a wall. The quilt features a central panel of green squares, flanked by panels of blue and white squares. The pattern is composed of various geometric shapes, including squares and rectangles, arranged in a way that creates a sense of depth and movement. The quilt is made of fabric and is displayed on a wall, with a white border visible around the edges.[illegible]
