

--- GAS --- Limita de proprietate
 --- PRMp --- Conducta distributie gaze naturale reducere presiune existenta, PE100 SDR11 Dn90mm
 --- CM --- Bransament GN reducere presiune proiectat, PE100 SDR11, Dn32mm; L=6.0m; Q=4.00Nmc/h
 --- A --- Post de reglare masurare propus, regulator de 10Nmc/h, conform ATR
 --- 400V --- Rasuflatoare cu capac
 --- 400V --- Stalp energie electrica
 --- 400V --- Retea canalizare menajera din PVC, Dn300mm si racorduri
 --- 400V --- Retea distributie apa, bransamente apa
 --- 400V --- Linie electrica subterana de 0.40KV

OBS:

Probele de presiune se fac in regim de MEDIE presiune
 In lungimea bransamentului este inclus si capatul de bransament

Proiect nr. 6.9	
dusa	Faza: P.A.C.
	Plansa nr. G01
